11:05	**3. Framing:** *Core Values* (Maggie)
11:15	Roundtable Discussion
12:00	Roundtable Feedback
12:30	AOB: •Social Bite (Jane)
	Networking Lunch
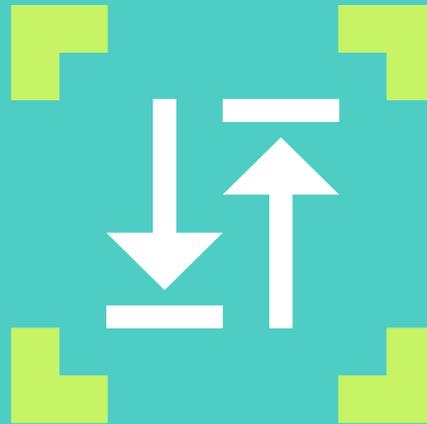

1. Updating

on the alliance structure

confirmed

- Alliance Model: **pre-formed** group bids only

- Proposed Timescales

- Alliance Manager / infrastructure support:

   o *CCPS support to submit SG funding bid to cover initial transition period;* ***or***

   o *Funded from £20m HSCP budget allocation if bid unsuccessful*

pending decisions (sept)

- Financial Management / Governance arrangements;

- Contract management arrangements;

- Interim Arrangements for Legacy contracts post-award.

2. Refreshing

on the principles the alliance
will commit to

Alliance Principles

- to assume collective responsibility for all of the risks involved in providing services under this Agreement;

- to make decisions on a 'Best for Service' basis;

- to commit to unanimous, principle and value based-decision making on all key issues;

- to adopt a culture of 'no fault, no blame' between the Alliance Participants and to seek to avoid all disputes and litigation (except in very limited cases of wilful default);

- to adopt open book accounting and transparency in all matters

- to appoint and select key roles on a best person basis; and

- to act in accordance with the Alliance Values and Behaviours at all times.
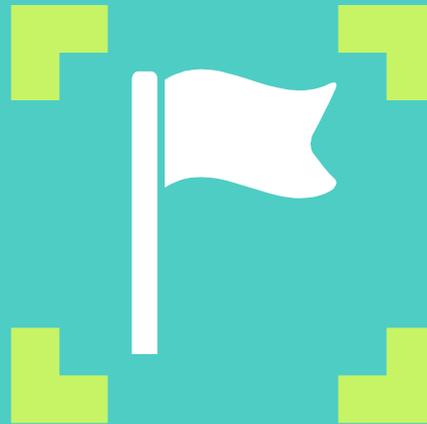

3. Framing

the core values that
will guide the alliance

▫ **Personalised**: support should be open-ended, persistent, flexible and coordinated, and work with the 'whole-person' and/or 'whole-family' - and take into account the underlying causes of complex needs and the challenging behaviours that can be associated with them.

▫ **Deinstitutionalisation**: as far as possible, people should have the option of staying in mainstream housing, rather than specific, separate institutions.

▫ **Reintegration**: the focus should be on enabling people to access mainstream employment and other opportunities and engage in other 'ordinary' social settings.

▫ **Asset-based**: interventions should focus on people's strengths, enabling them to build a meaningful and fulfilling life in the face of ongoing challenges and realise their potential.

▫ **Poverty-informed**: the financial and material hardship that people face should be directly addressed, rather than only focusing on their social or personal needs or behavioural issues.

4.

Roundtable Discussion

Q *Do we embrace these as the core values of the alliance?*

Q *Do we need to simplify them?*

Q *Do we want to add to them?*

Roundtable Feedback
