Online Conference 20 - 22 October 2020

Sponsorship & Exhibitor Opportunities

We are proud to host Scotland's largest networking and knowledge events on ending homelessness. We welcome hundreds of delegates from across the public, health, housing and charity sectors.

Safe as Houses will explore what is needed to build forward from the last 6 months to make sure that homelessness services — and people directly affected — are not left carrying the can for a global pandemic incident.

This year, we are doing things bit differently. Scotland's annual homelessness conference will be online over 3 days. And we are using a creative conference platform to make sure every delegate gets a unique conference experience.
