

ALL IN FOR CHANGE NATIONAL ROADSHOW SUMMER 2022

The Change Team are going on tour!

To find out what progress people are seeing towards ending homelessness in Scotland. As part of their mission to help bring policy decisions closer to the real change people are experiencing on the ground, they want to talk to you.

This national conversation will influence policy and strategy at national and local level, to help end homelessness in Scotland. If you and your colleagues work to support people experiencing homelessness, come and join us at one of 5 workshops, and tell us what is working, and what is getting in the way.

Book your place
to join in the conversation!
